

# Lenovo ThinkPad

Combining modern design, AI-driven productivity, and incredible value, the Lenovo ThinkPad E16 Gen 3 *i* is engineered for today's demanding mobile workforce. Powered by the Intel® Core™ Ultra processor with a potent integrated Intel® Graphics and NPU built in, this compact laptop is AI-ready for faster and more secure insights, supercharging performance for your most demanding critical tasks. Despite its massive 16" display and full keyboard with number pad, this professional dynamo remains light and thin for great portability. Plus, this device keeps its cool while it moves with you throughout the day, thanks to denser thermal holes to optimize airflow and ensure efficient heat dissipation for sustained performance and quieter operation.

Immerse yourself in impressive audio, with enhanced speakers for wider frequency range, as well as Harman audio and Dolby Atmos for distortion-free, clear sound. Adding crystal-clear video from the 5MP camera, integrated Intel® Graphics or Intel® Arc™ graphics, and the huge 16" narrow-bezel display, makes collaboration more natural and engaging than ever. Plus, you'll love the refined typing experience, including a larger TouchPad, accessibility features on the keyboard, and a simple keystroke for quick thermal mode change. You'll never miss a beat when taking your work on the go either, thanks to the impressive battery life and Intel® Wi-Fi 6E (Gig+) connectivity. With improved repairability and sustainable packaging, this smart Lenovo ThinkPad is also better for the environment.

## INTELLIGENT PERFORMANCE

The Intel® Core™ Ultra processor fueling the Lenovo ThinkPad E16 Gen 3 *i* elevates mobile productivity with device optimizations for power efficiency. The NPU provides an AI experience that will continue to get smarter over time, learning to optimize your approach to accomplishing everyday tasks. Plus, Lenovo AI Now<sup>1</sup> makes intelligent performance even more personalized, protected, and productive, with a UL-certified experience that enables multi-platform knowledge search to create content, summarize documents, or get IT assistance. You can easily jumpstart additional AI capabilities with the Copilot hardware key for quick access to essential productivity tools, saving you time and boosting efficiency. And robust unplugged productivity is never a problem, thanks to the improved battery life, up to 64Whr, and Intel® Wi-Fi connectivity.

## DEPENDABLE PRODUCTIVITY

Ideal for today's hybrid workforce, this affordable mainstream Lenovo ThinkPad is newly designed to be significantly lighter for enhanced portability. Want to expand or customize your workspace with just the right peripherals? The scalable memory options up to 64GB (DDR5, 5600MHz, Dual SODIMM) and dual PCIe Gen 4x4 SSD slots with support for up to 2TB of storage, along with a rich array of I/O ports, deliver the flexibility you need. In addition to on-device AI capabilities keeping your data local and secure, Intel vPro® Enterprise<sup>2</sup> offers comprehensive hardware-based protection, while additional security features like the camera privacy shutter and FHD IR login, and BIOS firmware resilience further enhance security and privacy. You'll appreciate the smart focus on sustainability, too, with battery and speaker customer replaceable units (CRU) for device longevity, as well as extensive use of PCC recycled material and improved certifications.

## ELEVATED UX

Maintain a clear, crisp view on whatever project is in front of you with the large 16" IPS display<sup>3</sup> up to 400nits brightness and a 120Hz refresh rate—all at a huge 90.7% screen-to-body ratio. You'll love the immersive online collaboration enabled by the Lenovo ThinkPad E16 Gen 3 *i*, thanks to distortion-free audio by Harman, Dolby Atmos, and Smart Noise Cancellation. TUV Eyesafe® certifications help minimize eye strain when long days at the screen are a must. Even the spill-resistant keyboard experience has been enhanced, with a larger 115x67 mm Precision TouchPad, dedicated number pad, and TrackPoint Quick Menu for easy access to all your settings. The backlit keyboard option, accessibility features, and the F8 Mode Change thermal adaptation key round out the impressive typing UX.

## Accessories

### ThinkPad Universal Thunderbolt 4 Dock

Supporting up to 4x 4K displays and delivering 40Gbps with up to 100W PD, this dock supplies unrivaled performance on all TBT™ 3 and 4, USB4, Windows 10, and above USB-C laptops. Plus, firmware updates are made without any end-user interruption.

PN: 40B00135xx

### Lenovo Wireless VOIP Headset

Designed to reduce ambient noise and maintain productivity while on the go, this Microsoft Teams-certified headset has USB-A Bluetooth receiver and cutting-edge noise cancellation technology.

PN: 4XD1M80020

### Lenovo Wireless Professional Rechargeable Combo

Stylish and ultrathin, this rechargeable combo is designed with 65% PCC and bio-based TPU materials. Users can seamlessly switch up to 3 devices via the 2.4G unified dongle or dual Bluetooth on multi-OS.

## Lenovo Solutions & Services

Lenovo Solutions & Services were designed from the ground up to deliver smarter solutions that create better outcomes for your business.

#### **LENOVO TRUSCALE DEVICE AS A SERVICE**

TruScale DaaS is a convenient, predictable subscription model with a range of end-to-end services that helps you avoid overprovisioning, reduce TCO, and promote circularity.

#### **LENOVO CO<sub>2</sub> OFFSET SERVICES**

Manage your technology carbon footprint, make tangible contributions to the environment, and support verified climate action projects with easy-to-purchase offsets. Lenovo CO<sub>2</sub> Offset Services estimates the carbon emissions across the device lifecycle through a seamless, transparent process.

#### **LENOVO PREMIER SUPPORT PLUS**

Elevate the SMB employee IT support experience to enterprise grade with the latest ThinkPad devices alongside Premier Support Plus. AI-powered insights help you do more and waste less. Premier Support Plus delivers seamless advanced support from anywhere with smarter proactive and preventive services. It's the ideal solution for your workforce in the office, remote, or hybrid to promote productivity, reduce downtime, and create a positive employee experience.
